SWIMMING SAFETY

- Please note that we do not have a life guard on duty and swimming is at your own risk.
- Never swim alone - use the buddy system. Don't overestimate your swimming ability. A lot of people are used to swimming in the pool, in still water. Conditions are different in open water, and distance and direction are affected by currents. If you find yourself in a strong current, it is best not to tire yourself by trying to swim against it, rather swim diagonally across it, until you reach shore, further down the beach.
- Always wear full snorkeling equipment including fins.
- Always evaluate the conditions and do not go out when there is strong wind, choppy seas or bad weather. Please avoid swimming when it is dark.
- Never swim while intoxicated. Alcohol impairs judgement, unnecessary risks are taken and a swimmer will tire more easily, increasing the chance of an accident. Alcohol is a contributory factor in one third of all major incidents in the water.
- Even the Maldives have warm waters; the water is still relatively cool compared to your body temperature. This can lead to hypothermia. Heat dissipates a lot quicker from muscles, arms and legs. Once arms and legs start to lose heat then you have no power in them. This leads to not having the power to swim the distance to get back. That is why people get into trouble in the water. So limit your swimming time.
- If you experience problems while swimming and snorkelling please follow these procedures:
 - 1) Stay calm and don't panic
 - 2) Take off your mask and snorkel
 - 3) Turn on to your back and swim backwards
 - 4) Wave your hands to signal that you need help

Staying Safe Underwater & On Land

The key is simply don't touch. Sea creatures tend to stay away from humans, the titan triggerfish is the only fish that will actually come for you if you get too close during its mating season. It will tilt sideways and fly at you fearlessly. Usually these are bluff charges and you should swim away promptly and horizontally. Please do not take anything from the sea or beach, bring back home only memories.

SUSTAINABILITY

PROUDLY GREEN GLOBE CERTIFIED

This island is more than a destination, it is home. Our home. As a Green Globe certified resort, we honour this destination by nurturing its oceans, protecting its wildlife, and preserving its natural resources. Testimonials

Beautiful resort , exceptional service , fabulous attentive staff member and a peace therapeutic environment!!

Wonderful welcoming resort offering a personal approach to each individual on their arrival . Prompt transfers and check in! The staff members were attentive and particularly helpful as it was our first trip here . They gave endless advice on activities enhancing our experience .

Sad to leave however will almost certainly return with such exceptional service on offer. I have travelled worldwide and this kind of service received was second to none.

My top place at the Maldives

A must stay at the Maldives; overall experience is simply heavenly from service to amenities and location that just takes your breath away. Rooms and maintenance at top level! Breakfast fantastic - Buffet style so any diet plan supported. Variety of restaurants and bars, bike rides, snorkling, or just relaxing at the beach or pool bar. Trully the best vacay location.

unforgettable holiday

We stayed 5 nights at SAii Lagoon Maldives in early January, and we truly regret not booking a few more nights.

The island offers a great variety of restaurants, and there's another hotel whose facilities we could use, making dining and entertainment a breeze.

Honeymoon

We absolutely loved our time at Saii Lagoon loved every little bit of our trip the staff have been wonderful, can't do it enough for you. The staff member at the pool bar, always friendly and welcoming, he works hard on his own and makes the best cocktails. Our rooms were always clean and tidy along with the rest of the hotel. We enjoyed cycling around the Island.
